

ALINA LODGE

Founded 1957

Alina Lodge is legendary for its no-nonsense structured approach to treatment.

We are pleased to carry on that tradition and provide the same core program today, with comprehensive individualized treatment.

We enhance that program with specific modern modules to help those seeking sobriety in today's world, including pain management, trauma and process addiction treatment.

We hope you can join us for a wonderful educational and networking opportunity.

HALEY HOUSE

Women's Transitional Living

Haley House offers a new beginning for women seeking recovery in a supportive, nurturing environment. Our beautiful new 14 bed transitional living home provides women a dignified residence with a clinically driven 12 step based program to foster healing and growth.

Our home is open to women, 18 years and older, who have successfully completed primary care and choose to embrace the 12 step philosophy of recovery.

Our program is dedicated to addressing the needs and concerns of each woman. We help them transition smoothly toward a living fully integrated, sober life.

Creating an Effective Protocol to Enhance Long Term Recovery

presented by

KEN SEELEY, BRI II, RAS

Ken Seeley has remained involved, professionally and personally, in recovery since 1989. He applies his relevant experience and boundless enthusiasm to profoundly change the lives of people who suffer from the disease of addiction - both the addict, and the addicts' family and friends. Ken works to save lives every day as the founder of Intervention 911. His organization is one of the most prominent and successful private intervention services in the country. Ken was previously featured on the A&E television series "Intervention". Ken was recently honored to speak before British Parliament about the importance of Intervention and the Continuum of Care to help create lasting recovery for those suffering from addiction.

Certified as a Board Registered Interventionist-II and Registered Addiction Specialist, Seeley himself has been clean and sober since July 14, 1989. Since then, he has worked full-time in the business of recovery. Today, Ken still derives the greatest personal satisfaction from the hundreds of interventions that he has conducted, organized, or facilitated through Intervention 911.

Seeley's personal experience of addiction and recovery fuels his desire to impact others in similar situations. Ken grasps the full understanding of the addict's behavior. His innate compassion for fellow addicts continually bolsters his ability to connect and communicate with addicts and their families. Seeley has applied his personal struggle with addiction to the intervention equation. This is an asset that has become a valuable catalyst in Intervention 911's impressive results.

Seeley's remarkable success rate has turned him into one of the most sought-after interventionists in the country. Doctors and health care professionals look to people like Ken to solve their patient's addiction and mental health issues. His knowledge and unique perspective have also made him the #1 go-to expert on the subject of addiction and intervention with the media, where he's a regular contributor for CNN, MSNBC, NBC, CBS, FOX, ABC, and many others
